A very mysterious twitter user who has connections to DG (don't ask me how I know this)

He supplied the DxDG audio recording (also posted DL for DxDG recording[see: DxDG]).

For a long period of time, he posted 30 or so pictures of art depicting lower class people and weird figures and such (see conversation below)

His twitter account info was :29.9837192, -90.1055051 which leads to some place in New Orleans near Holt Cemetery

(if correct) he left twitter on or near 7/8/13.

Vine account is confirmed inactive (thanks trenchgunjesus!)

There is no official DG tumblr i know of so andy-morin, http://andymorin.tumblr.com/ and others are PROBABLY not real.

If you manage to find a Money Store Cassette... BUY IT IMMEDIATELY THAT SHIT IS AS RARE AS ALL LIGHTS FUCKED!!!!!!!!
